

CAPSS Release Notes

January 2021

The CAPSS team has completed an enhancement for licensed stores that are interested in utilizing the Multi-Store function. A Multi-Store license are “multiple” licensed stores within California who currently utilize the bulk upload process in CAPSS.

The Multi-Store function is optional and not mandatory. CAPSS business partners can continue to enter or upload transactions as they have previously.

The enhancement increased the number of stores from 100 to 950 licensed stores. Thereby, larger businesses or corporations may benefit by applying for a Multi-Store license. CAPSS validates the XML file as a whole as well as each license and transaction.

To apply for a Multi-Store application log on to CAPSS Main:
