Furthermore, all rules and procedures for the gaming activity, including but not limited to the following, shall be prominently displayed in Hemphill's Lounge and Cardroom at all times the gaming activity is being offered for play:

- Eligible games
- Eligible time period(s)/qualifying event(s)

Eligible Controlled Games

The Splash Pot shall be attached to all Bureau approved poker games offered at Hemphill's Lounge and Cardroom at all times the gaming activity is being offered for play. All controlled game rules shall be played as approved by the Bureau.

Object and Summary

The Splash Pot gaming activity features a house-funded promotional element which shall be attached to the above listed approved controlled games at the Casino. During predetermined times and intervals of the promotional period, a casino representative shall splash the pot by adding a predetermined and posted prize to the pot at the start of the hand.

The qualifying times for the promotion will be determined by one of two methods:

- Option 1- The prize will be added to the pot at designated times and days which will be clearly specified and announced to the players beforehand.
- Option 2- The prize will be added to the pot when certain qualifying events occur, such as when a score is made during a televised sporting event being shown at the Casino.

After the qualifying time is determined and announced, a lucky table method will be used to determine the table that receives the "Splash Pot." The method for determining which table will receive the posted Splash Pot prize involves a drawing where a bin, basket, or other non-electronic randomizer shall be used. During predetermined times and intervals of the promotional period, a casino employee shall announce the commencement of the drawing. The casino employee shall then select an eligible table by randomly choosing a card, ball, or other lammer from the randomizer. A card, ball, or other lamer shall depict a number that corresponds to each eligible poker table. The cards, balls, or other lammers, which are pre-printed, equally sized and colored, shall be mixed within the randomizer, and one will be selected and announced. Once the table number is determined, the casino employee shall place the predetermined and posted prize into the pot at that table and can be won at the start of the selected table's next hand.

Splash Pot

Eligibility Requirements

This gaming activity shall be open to all players who are seated and playing at any of the above listed controlled games during the predetermined specified hours posted for the gaming activity.

- There is no minimum amount of time played required for a table to qualify for this promotion.
- In the event that two or more players tie, the pot shall be evenly distributed between each player with the winning hand. If the prize is a non-cash prize it will be doubled, and each player shall receive a prize of equal value.
- A minimum of four players must be dealt into the game in order to qualify for the promotion. A table without four players will not be represented by a card, ball or other lammer when the table selection occurs.
 - In the event that the table falls to three players after the table was selected for the splash pot prize, the splash pot prize will still play on that table but will not be a prize option until there are four players at the table.
- A player must call all bets, complete all rounds and have the winning hand to be eligible to win the pot with the added prize.
- Casino employees are eligible for this promotion when on or off duty, in or out of uniform.
- Tournament games do not qualify for the promotion.
- There is no limit to the amount of times a player may win a prize during any given promotional period.
- One or more tables may be selected at each drawing. The number of tables to receive prizes will be clearly posted.
- When an eligible table is drawn, the card, ball, or other lammer will be placed back into the bin, basket, or lottery ball machine with the availability to be drawn again.
- New players may be seated at the selected table number in between the time that the table number is selected and the start of the next round of play, when the Splash Pot prize shall be added to the pot. However, they will not be eligible for the Splash Pot unless they participated in the previous hand before the table was selected.
 - In the event that the new player wins the next hand, they will win the normal pot but not the Splash Pot. However, in the next round, the new player will then be eligible to win the Splash Pot since they will have participated in the previous round.
- A table can be selected and receive the “splashed prize” amount multiple times in a promotional period with no limit.

Prize

The fixed prize for the Splash Pot shall be a fixed amount ranging from \$1 to \$10,000. The prize shall be paid in the form of live casino chips, merchandise, event tickets or gift certificates.

Sports Giveaway

Object and Summary

During a predetermined and posted sporting event and time, Hemphill's Lounge and Cardroom shall allow "live" poker players, who have played between 1-100 hours, to put their name in a blank square on a board for the Sports Giveaway promotion. Each player's hours shall be tracked either manually by a casino representative using a tracking sheet (see above **Player Tracking Sheet**) or through the Player's Club Card (GEAR-001257). When manually tracked by a casino representative, it is the player's responsibility to check in or out with the casino representative. If a player does not check in, the gaming hours will not be counted towards the promotion. A player is no longer counted as accumulating play time once they have received their first "missed blind."

The board shall have 100 squares (10 squares by 10 squares), as shown below. Before the start of the sporting event and before players choose their square(s), numbers shall be drawn to determine the numbers assigned to each column and row. Numbers 0 through 9 shall be randomly drawn one by one from a bucket by a casino representative. The numbers shall be selected approximately one hour before the sporting event. The home team shall be represented on the top row of the diagram and the visiting team down the left side of the diagram. The assignment of the numbers shall correspond with the home team from left to right and the visiting team from top to bottom. After the numbers have been selected, players will be eligible to select their squares an hour before the start of the game on a first come first serve basis.

Squares are issued on a first come, first serve basis. Players can qualify to receive more than one square by playing for more hours. If a player qualifies to receive more than one square, the player picks one square at a time. Once all eligible players have picked their first square, players who qualify to receive more than one square can pick their next square in rotation until all squares are selected. The numbers on the board shall correspond to the score of the game. The numbers assigned to each square are determined by the point where each vertical and horizontal line intersects on the board. At the conclusion of each designated period (quarter, inning, period, halftime, and final), the player who selected the box that matches the final digit of the score from the top column and the side row would win the posted prize amount. Only the last digit of each team's score shall be applied to the numbers on the board. **For example:** *Player A selected the box that has Denver 0 and San Diego 4. The score at the end of halftime is San Diego 14 and Denver 10, so Player A wins.*

Sports Giveaway

If the game goes beyond its normal stopping point, as in the case of a tie, the promotion shall continue and prizes shall continue to be awarded according to the advertised prize schedule. The rules for the event shall state the designated time(s) during the game for which prizes shall be awarded. All participants at these events shall have an equal chance to win prizes.

Hemphill's Lounge and Cardroom will initially seed the jackpot at \$500 to \$5000. Each \$1 jackpot fee paid by a player will be broken down as follows:

- \$0.20 will be immediately posted on the meter.
- \$0.80 will be tracked in a reserve fund. The reserve fund will be utilized to immediately re-seed the metered progressive jackpot prize. In addition, this reserve fund will payout all fixed amounts.

There is no cap on the progressive prize pool. The progressive prize will increase every time a jackpot fee is collected and placed on the progressive prize meter. After the progressive jackpot is hit, it will be re-seeded by the reserve fund in an amount ranging from \$100 to \$5,000. In the event there are not enough funds in the reserve account or in the event the jackpot is hit before the Casino has been reimbursed, Hemphill's Lounge and Cardroom will cover the shortfall and shall be reimbursed from the reserve account once sufficient funds become available. Furthermore, all rules and procedures for this promotion, including but not limited to the following, will be prominently displayed in Ace & Vine at all times the promotion is being offered:

- Eligible games and time periods
- Eligible Dates and Times
- Specific Prize Amounts
- Only open to Player's Club Card members (GEAR-001257)
- Opportunity for No Purchase Necessary
- Any other restrictions that apply to this gaming activity

Eligible Controlled Games

The Hot Seat Promotion shall be attached to all Bureau approved games for Ace & Vine. All base game rules will be played as previously approved by the Bureau of Gambling Control.

Object and Summary

The Hot Seat Promotion is a house funded fixed bonus prize promotion that awards players who are dealt in a card game a chance for their seat to be drawn and for that person to win a predetermined prize. Ace & Vine will choose one of the two predetermined qualifying options, listed below, as the method to qualify for the prize. This promotion is restricted to Player's Club Members (GEAR-001257). Only one option will be used at any given time.

Option 1 – Pick a Seat/Pick a Table

Numbered placards or balls corresponding to a seat will be drawn manually from a drum or similar non-electronic device, to randomly select a "hot seat" number. Once the "hot seat" number has been determined, it will be announced on the casino floor followed by a drawing for a table number. Table number placards or balls corresponding to the table numbers for all active (at least two players for poker games and at least one player and one player-dealer for California games) live tables will be placed in a drum or similar non-electronic device and a table number will be randomly chosen and announced on the casino floor. The patron occupying the "hot seat" wins the prize if they are in their seat and being tracked with their Player's Club Card (GEAR-001257) and they took a hand before the announcement of the draw. If the selected "hot seat" number for the selected table is empty, the patron is not being tracked with the Player's Club Card (GEAR-001257) or the patron did not take a hand before the announce of the draw, an alternative table will be redrawn.

Option 2 – Pick a Seat/All Tables Win

Numbered placards or balls corresponding to seat numbers shall be drawn manually from a drum or similar non-electronic device, to randomly select a "hot seat" number. All patrons occupying those "hot seats" at every live gaming table win the prize if they are in their seat, they are being tracked with their Player's Club Card (GEAR-001257) and they took a hand before the announcement of the draw. If the selected "hot seat" number is empty, the patron is not being tracked with the Player's Club Card (GEAR-001257), or the patron did not take the hand before the announcement of the draw, no prize shall be awarded to that specific seat.
