Rules of Play

Patrons are awarded match play or free play coupons via advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, etc. Players who receive a match play or free play coupon will be eligible to win the specific amount printed on the coupon if he/she places a wager on an eligible game equal to the amount listed on the match play coupon.

The coupons and chips shall only be redeemed after having been played and verified by a key employee.

Match Play Coupon

The Casino will offer match play coupons having a face value from \$5 to \$500 per coupon. The amount will be clearly stated on the coupon. Each coupon will state the specific qualifying game(s) that the voucher may be used on. The wager must be equal to the amount of the match play coupon and a player's winning hand will be paid his/her wager as well as the listed amount on the match play coupon. When the player uses a match play coupon and the hand loses, the player will only lose his/her original wager and the match play coupon is collected and voided. The player-dealer will then have a key employee sign the voucher verifying that it has been won. All winning vouchers are verified and signed by a key employee. Winning vouchers are taken to the cage by the key employee, logged, and exchanged for the value listed on the coupon(s). If a player loses, the money part of the wager is collected by the player-dealer, and the voucher is voided and collected as well. If the player pushes (receives no action), the voucher may be played again until the player wins or loses a hand.

Empire Sportsmen's Association

Match Play Promotion

EXAMPLE: *A person receives a match play voucher with a value of \$5.00 that specifically states it may be used to place a wager on the Pai Gow Poker table. The person would place the voucher on the gaming table; place a bet that matches the amount on the voucher, and pay the posted collection (if applicable) for a single hand of play. The collection fee is based only on the wager and not the coupon. If the player wins the hand, he/she will receive \$10.00 just as if they had placed a \$10.00 bet and the player-dealer will collect the voucher.*

Free Play Chip

The Casino will offer free play chips having a face value from \$5.00 to \$500.00 per chip. The free play chips are used in live games exactly like regular chips, the difference being that they cannot be exchanged for cash.

The free play chips shall initially be in the form of a coupon which shall be offered to all patrons that wish to come into the Casino and use them to play. Patrons may be awarded free play coupons via advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, etc. When a patron receives a free play coupon he/she shall take the coupon to the cage for verification, logging, and redemption of the free play chip(s) to be used in a live game. Each coupon shall state the specific qualifying game(s) that the free play chip(s) may be used on.

Promotional chips shall be used as the player's bet and placed on the betting circle. Promotional chips shall not be taken into the dealer's tray, nor shall they be paid from the dealer's tray. If the player wins the hand, he/she would be paid \$10.00 by the person in the player/dealer position just as if he/she had placed a \$10 bet. The free play chip will be collected by the person in the player/dealer position. The player-dealer will then have a key employee verify that the chip has been played. All played free play chips are verified by a key employee. The free play chip is taken to the cage by a key employee, logged, and exchanged for the value listed on the chip. If the player loses the hand, the free play chip is forfeited and will be collected by the casino dealer and dropped in the drop box for accounting purposes. If the player pushes (receives no action), the chip may be played again until the player wins or loses a hand.

EXAMPLE: *A person receives a free play chip coupon for \$10.00 that specifically states it can be used to place a wager on the No Bust Blackjack table. The player would take the coupon to the cage. Cage personnel would log the redemption code of the coupon and exchange the coupon for a promotional free play chip. The player would then place the free play chip on the gaming table, pay the posted collection (if applicable), and the game would play.*
