- a. Three seven's (7s) of the same color is paid 100% of the progressive jackpot amount shown on the progressive meter.
- b. All other hands are paid a fixed amount from the reserve fund. They do not get deducted from the amount shown on the meter. In the event the reserve fund is depleted, the casino will make up any shortfall.
- c. In the event more than one progressive meter pay or any other qualifying hand hits during the same round, all winning players will share, in equal amounts, the posted progressive prize or the posted fixed amount. In the event the reserve fund is depleted, the casino will make up any shortfall. All hands will be paid the posted prize.
- d. When a player has a progressive winning hand, the dealer shall press the appropriate hand button on the keypad.

All fixed payouts will be paid by a casino floor person. Once the proper paperwork has been filled out, the floor person will pay the winner(s) in casino chips. The payouts will not be made from the casino dealer’s tray. All fixed payouts will be deducted from the amount in the reserve fund.

After the progressive jackpot is hit, it will be re-seeded by the reserve fund at an amount between a minimum of \$1,000 and a maximum of \$50,000. EZ Baccarat Bonus High Hands

No Purchase Necessary

Patrons may participate in EZ Baccarat Bonus High Hands promotion at any time and without paying a collection or a fee. The Asian Games Shift Supervisor, Operations Shift Manager or designated employee will take a patron expressing a desire to “play” for jackpot prizes to an empty gaming table. If there are no empty tables, one will be provided within an acceptable amount of time. The Asian Games Shift Supervisor, Operations Shift Manager or Asian Games Dealer will then proceed to deal Baccarat hands as dictated by Bureau approved rules. Should the hand constitute a current “Jackpot Hand” as set forth in the EZ Baccarat Bonus High Hands rules; the patron will receive the prize indicated for that hand, or if there is more than one NPN player, the prize will be equally split amongst all NPN players, as would occur in a standard EZ Baccarat table. The speed of play of the NPN table will, as close as possible, approximate the speed of play of a live Baccarat gaming table (one hand dealt approximately every 2 minutes).

The EZ Baccarat Progressive Jackpot considers both the player and banker hands. To begin each round, players must make their regular base game wager. When a winning hand is confirmed, the player with the qualifying jackpot hand will receive the progressive jackpot prize or a fixed prize, depending on the winning qualifying hand.

1. "Hockey Puck" discs will be attached to the table in front of each betting position. These discs have a sensor and will detect when a casino chip is placed on them. Players must place the jackpot fee on the sensor. The sensor will then light up.

In the event the reserve fund is depleted, the Casino will make up any shortfall. Once there are sufficient monies in the reserve fund, the re-seed amount, up to the amount that the Casino funded, will be reimbursed to the Casino from the reserve fund and will be documented in the accounting records. All increases and decreases to the EZ Baccarat Progressive Jackpot reserve fund will be documented in the accounting records.

- In the event there is a tie, the total amount of hours earned during the promotional period will be used as a tie breaker. In the event that there is still a tie, the Casino will add the minimum amount of money (to the nearest dollar) to make sure all players receive an even split. Hustler Sports Promotion Procedure

- **All seated players in an active Hustler Poker game qualify for the promotion. Players must be in an active Hustler Poker game at the beginning of the sporting event. They must also be in an active Hustler Poker game at the same time as the winner of each qualifying period is determined. A player can take a break from playing in a Hustler Poker game, but if their square is determined to be a winner while they are on break, they forfeit their prize for that qualifying period.**
- **A board containing 100 squares is used to track participants of the promotion.**
- **Starting one hour and thirty minutes before the start of a pre-determined sporting event (baseball, football, basketball, etc.), names of players who wish to participate are randomly placed on a 100 square board (10 squares by 10 squares) on a “first come first served” basis. Spaces will be selected by the players.**
- **After the board is full, or at the beginning of the sporting event, Ten (10) cards, Ace (counted as one) through 10 (counted as zero) are shuffled. The cards are turned over and the corresponding number is placed on the board starting at the bottom and going to the top. The same procedure is followed and the numbers are filled on the top of the board from left to right.**
- **The score of the game at the end of each quarter, inning, or pre-designated point of the game dictates which box is the winner. Only the last number of each score is used. (A score of 7 to 14 would be on the board as 7 to 4)**
- **Each winner will receive a cash prize in a range from \$50 to \$200.**
- **The player must be present to win.**
- **The winner has three (3) minutes to claim their prize.**
- **Unclaimed prize money rolls over to the next qualifying period.**
- **In the event the game is tied and is extended beyond its normal ending point, the promotion will continue to award winners at designated periods of the game.**
- **Employees of Banc2 and the Hustler Casino are not eligible for this promotion, whether on-duty or off-duty.**
- **This promotion is open to No Purchase Necessary participants. NPN players must adhere to the same rules as any other player.**
- **The winner must have valid identification to receive prize money. The casino cage determines what valid identification is. (passport, driver’s license or military I.D.). No exceptions.**

WHERE IS LARRY'S (FLYNT) WALLET? PROMOTION

This promotion will run January 1st through March 10th, 2007. Larry's wallet promotion is based on finding Larry's wallet, which contains \$10,000.00 cash. During this 10-week promotion, we will have 7 separate drawings each Saturday. Each of these winners will pull one wallet, which contains cash. On the final drawing Saturday, Larry's wallet with the \$10,000.00 cash will be added to the wallet board.

A board will be made that will contain nine compartments that are shaped like pockets (the ninth pocket will not be added on the board until the final drawing day. This will be Larry's wallet). Each pocket will contain a wallet that has the identification of selected management personnel of Hustler Casino. A mock identification (Our Players Card) will be placed in the wallet when opened to determine whom the wallet belongs to. The higher the manager in the company the more money will be placed in the wallet.

Example:

- John Doe's Wallet (General Manager) will contain \$1,000.00
- Jane Doe's (Casino Manager) wallet will contain \$750.00

- Cal Supervisors wallet will contain \$250.00

The first drawing will be on January 6th and the final drawing will be on March 10th.

A player will qualify to have the opportunity to pull a wallet via our Lucky Table, Lucky Seat program. At a designated drawing times a gaming manager will make an announcement and begin turning the drum over and over again until a good mix of the balls has been decided. At this time a signal ball will be pulled from the drum to determine which Lucky Table has been choosen. Once a Lucky Table is drawn from the drum, the gaming manager will arrive at the table with nine total cards. Ace, 2,3,4,5,6,7,8 and 9. The Ace is for seat #1 and the others (2-9) will be used for the standard seating arrangement. This is based on a nine-handed Hold-em table and for Stud, eight handed. If a player is away from the table or a seat is vacant, we will simply remove the card that represents that player's seat. Once all players have been qualified at the table, the gaming manager will hand the number of cards that represents the number of players at the gaming table. The dealer will scramble the cards (mix them face down) and the gaming manager will ask the dealers to draw one of the cards and turn it over. If for example the dealer turns over the 8, then seat 8 would be eligible to draw the wallet from the Lucky Pocket.

Each Saturday during the promotion, players will have a chance to choose a wallet from the board at 2pm, 4:00, 6:00, 8:00, 10:00, 12 midnight and 2:00 a.m. All eligible players will go up to the board and select a pocket that contains a wallet with a pre-printed check inside with a pre-determined amount of money printed on the check. After each winner has selected a wallet, an announcement will be made of the amount won. A new wallet with the same amount drawn from the previous wallet will be replaced on the board. The wallets will then be re-arranged in random order and brought back out for the next drawing.

On the final Saturday of the promotion (3/10/07), drawings on this day will consist of the procedures that has been followed the previous weeks of the promotion however, at 12am and 2am; Larry's wallet will be added to the board. If the player pulls Larry's wallet for \$10,000 at 12am/Larry's pocket will be taken from the board for the 2am wallet drawing.

All No Purchase Necessary apply for this promotion and all Hustler Casino promotions. Players may come in and play at a designated table. The number of the designated table will be place in the drum and the opportunity to win will be equal to that of all other Hustler Casino guests.

Object and Summary

The Ultimate Texas Hold'em Progressive Jackpot considers the best advertised qualifying hand(s) among each individual player's cards.

A player may win a progressive or fixed prize by placing an optional \$1 jackpot fee and making one of the predetermined hands listed below. Also, a player who places an optional \$1 jackpot fee qualifies to win an Envy payout.

1. To begin each round, players must make their regular base game wager. They may optionally place any bonus bets along with the optional jackpot fee of \$1.
2. "Hockey Puck" discs will be attached to the table in front of each betting position. These discs have a sensor and will detect when a casino chip is placed on them. Players must place the optional jackpot fee on the sensor. The sensor will then light up.
3. Once all players place their bets and/or jackpot fee, the house dealer will press "Coin In" on the keypad. The sensors will then light up, indicating participation in the progressive jackpot. The house dealer will then remove all jackpot fees from the table. The jackpot fees are dropped in a separate and locked jackpot collection box affixed to the left side of the gaming table.
4. The house dealer then follows standard approved procedures for dealing the base game. The jackpot considers the best hand possible among the player's cards. A player can qualify for the jackpot element of the game regardless of the outcome of the base game.
