California Games Jackpot

Prize

The jackpot prize is fixed with a minimum value of \$10 and a maximum of \$100,000. The jackpot prize will be paid in the form of cash, casino chips, merchandise, trips, electronics, cars, Poker Tournament (GEGA-000542) entries, California Games Ticket Drawing Promotion (GEGA-004699) tickets, Qualifying Hands Match/Free Play (GEGA-004537) promotional chips, or Table Games Free Play Bet Voucher Promotion (GEGA-004539) vouchers. If merchandise and the like are awarded instead of cash or chips, the prize will have an equivalent dollar value as the posted prize amount. The prize will be paid to the winner when a casino floor person verifies the winning hand and all the proper forms are completed.

Funding

The California Games Jackpot prize is a fixed, player-funded jackpot and utilizes one jackpot reserve fund. A \$0.25 value casino chip jackpot collection fee, taken from the player-dealer, will fund the jackpot fund. The entire \$0.25 jackpot fee goes into the jackpot reserve fund. The jackpot collection fee will be collected prior to the dealing of any cards and dropped in a separate drop box marked as "Jackpot" by the house dealer.

Ocean's Eleven Casino will seed the jackpot at a minimum of \$10. The Casino will be refunded the seeded jackpot amount from the jackpot reserve fund, once the jackpot reserve fund has sufficient funds. When a qualifying jackpot hand is achieved, the fixed prize payout will come from the jackpot reserve fund and the jackpot will be re-seeded by the jackpot reserve fund at a minimum of \$10. Also, the Casino will make up any shortfall in payouts and/or re-seed and be reimbursed from the jackpot reserve fund when there are sufficient funds in the jackpot reserve fund.

Administrative Fees

The Casino will retain an administrative fee of a maximum of \$16 per table per hour from the jackpot reserve fund. The administrative fee will be used for marketing and operation costs.

No Purchase Necessary

The California Games Jackpot will be offered to customers who wish to participate for free, on a general and indiscriminate basis, with **no restrictions**. The Casino will provide No Purchase Necessary tables for all patrons who request to participate in the gaming activity without paying a table fee or placing a live wager. All advertisement material will state "No Purchase Necessary" when referencing the California Games Jackpot. This requirement extends to all forms of advertising including electronic message boards, computer monitors, posters, and flyers.

OCEAN'S ELEVEN CASINO CALIFORNIA JACKPOT GAMES

Summary of Game

Ocean's Eleven Casino proposes to add a progressive Jackpot element to our existing player-dealer style California/Asian Games. These games include Pai Gow Poker and No-Bust Blackjack. None of the Designated or Qualifying Hands will modify or "piggyback" on existing Jackpot Games.

Similar to the existing Jackpot element attached to our Caribbean Stud game, player(s) will be assessed a fixed fee, per hand, and will qualify for cash prizes when a Designated Hand is obtained or beaten by another Designated Hand. Prizes are paid from a prize pool ("California Jackpot Games Fund") funded by the fee paid by participating player(s). To alleviate any confusion on the player's part, a small table sign or similar instrument may be used to display the name of the available Jackpot Game, Jackpot Collection Fee, Qualifying or Designated Hands, and Jackpot Prize Distribution.

Players may qualify for the full California Jackpot Games Prize without paying a fee, or other type of consideration, by participating in free a game where there is no live wagering, no Jackpot Collection and no table fees ("No Purchase Necessary").

The rules and standards of play for the California Jackpot Games are the same as the base rules currently approved for No Bust Blackjack and Pai Gow Poker. The number of cards in the deck, the type of deck, the function of the dealer, the number of players, rotation of the player-dealer position, collection of table fees, betting limits and how winners are determined and paid, will all be consistent with existing procedures for each of the respective games. Since the Jackpot element will be added to existing games, no new tables will be utilized for the play of this game. The only change to the equipment will be the addition of a separate collection box, which will be secured to the table and will be designated for the Jackpot Collection and used only for the collection of the Jackpot Fee. This will insure that Jackpot Collections are kept separate and accounted for differently than the table fee collection for the casino.

The Prize

California Jackpot Games provide two levels of prizes to participating players: (1) Bad Beat Jackpot Prize and (2) Super Jackpot Prize. The Bad Beat Jackpot Prize is awarded when one player in a game obtains a specified hand but loses to a player with a better specified best hand ("Qualifying Hands"). The Bad Beat Jackpot Prize is progressive. The amount of the Bad Beat Jackpot Prize will vary depending on the volume of play and frequency with which players obtain a Qualifying Hand. The Super Jackpot Prize is a fixed amount.

Ocean's Eleven Casino will maintain all Jackpot Collections for the No Bust Blackjack game in one account and the Pai Gow Poker game in another. These funds

will not be commingled. The Jackpot Prizes will be posted on either an electronic board or poster centrally located in the California Games section of the Ocean's Eleven Casino. The posting may further be made by a table sign or similar instrument located at each table where the Jackpot Game is offered. The posting will be updated as the prize is increased or decreased so that all players will have ample notice of the current Jackpot Prize. Initial seeding of the Bad Beat Jackpot Prize is expected to be a minimum of \$1,000 and initial seeding of the Super Jackpot Prize will be a minimum of \$2,000. Both Jackpots will be reseeded to at least the minimum immediately after a Jackpot Prize is paid to a winning player(s). The Bad Beat Jackpot Prize will be increased at least one time per day at a designated time that will be posted and made available to the participants. The Super Jackpot is not progressive and will not be increased. Ocean's Eleven Casino may provide multiples (i.e., 2x or 3x, etc.) of the Bad Beat and Super Jackpot Prizes during designated posted hours, from the reserve fund to add monies to the California Jackpot Prize and to the excitement of the game.

When player(s) obtain the specified hand combination and claim the Jackpot Prize, the Qualifying Hands will be verified by the dealer and a floorperson. Surveillance cameras will be utilized to assure all employees and customers followed the required procedures. The winning players' identification will be obtained and necessary paper work completed prior to the payout of the Jackpot Prizes. Ocean's Eleven Casino will record all prizes awarded and the names of the winners as part of its California Jackpot Games accounting records.

In the case of a Bad Beat Jackpot Prize; after a winning hand is confirmed, the player who lost with the designated hand will receive sixty (60%) percent of the posted Jackpot Prize for that game, the player with the designated better hand will receive twenty (20%) percent of the posted Jackpot Prize and the remaining twenty (20%) percent of the posted Jackpot Prize will be evenly distributed among all other players at the table who have made a wager and paid a table fee collection for that particular hand, regardless of which betting circle they placed their wager in or whether they went "partners" or "kum-kum".

Only one Jackpot Prize will be paid per round of play. In the unlikely event that more than two players achieve a Qualifying Hand in the same round of play, only the two highest ranking hands qualify. The remaining players at the table will share the twenty percent (20%) portion. If a player happens to have a Qualifying Hand for both the Bad Beat and the Super Jackpot, the player will win both Jackpot Prizes. Ocean's Eleven Casino reserves the right to inspect all Qualifying Hands and to refuse payment of a Jackpot Prize. In the event that it is determined that proper procedures were not followed, rules were violated, or cheating occurred at any level, the payment will be refused for all participants. Ocean's Eleven Casino will document the event both by written report and video surveillance. The record of events surrounding a refusal to pay a Jackpot Prize will be memorialized and maintained Ocean's Eleven Casino in accordance with internal policy and procedures. These records will be made available to both Division and other law enforcement personnel, for review.

Funding

California Jackpot Games Prizes will be funded by a separate collection fee paid by players prior to the start of each hand ("Jackpot Collection"). The Jackpot Collection will be \$1.00 per hand, and will be paid by the player in the first player/dealer position. If more than one player is in the first player/dealer position (commonly referred to as kum-kum banking) then they will each pay half of the Jackpot Collection Fee. At all times, the amount of the Jackpot Collection will be conspicuously posted at each participating table, as well as on brochures relating to the California Jackpot Game(s).

Jackpot Collections are determined and collected prior to the start of each hand. Jackpot Collections are not calculated based on a percentage of the amount wagered. Ocean's Eleven Casino will provide the initial seeding of the California Games Jackpot Fund and may from time-to-time provide additional infusions of money to add to the size of the pool and the excitement of the game.

Jackpot Collection & Accounting Procedures

The Jackpot Collection from all California Games will be collected, counted, secured and recorded in the same manner as the table fees paid to Ocean's Eleven Casino. The dealer will collect this fee (in the form of chips) prior to the start of each hand and deposit the fee in a locked Jackpot Collection Box at the table. The Jackpot Collection Box will be separate from the box used for table fees. Currently, all Jackpot Collection Boxes are located on the opposite side of the casino collection box. The locked Jackpot Collection Boxes will be gathered by casino security staff at designated times and transported to the secure count room. In the count room, the Jackpot Collection Boxes will be unlocked and the contents counted subject to minimum internal control standards utilized by Ocean's Eleven Casino in collecting its table fees. The count of the Jackpot Collection will be separate and distinct from the counting of the casino's table fees. In addition, all count team activity is under constant observation of video cameras. The total dollar volume of the chips taken from each Jackpot Collection Box will be recorded on a Daily Jackpot Collection Report ("Jackpot Collection Report") which will be maintained as an accounting record and shall be available to the Division of Gambling Control and the City of Oceanside for audit and inspection. The Jackpot Collection Report will document the amount of Jackpot Collections received at each participating California Games gaming table during each period the box is collected; generally once a day.

No Purchase Necessary Procedures

California Jackpot Games will be offered for free, on a "general and indiscriminate" basis, to patrons who wish to participate in a 'No Purchase Necessary' game. Ocean's Eleven Casino will provide instructional or demonstration tables for all patrons who request to participate in California Games Jackpot Games without paying a table fee or a Jackpot Collection. There will not be live wagers at these tables. Participants in No Purchase Necessary instructional or demonstration tables will be

eligible to win the full, posted Jackpot Prize if they participate in a game where they obtain the designated Jackpot Hand. All advertisements, flyers, brochures, and signs will have the word "No Purchase Necessary" along with instructions on how a patron can get details on how to participate for free (they will be told to contact a representative at the Welcome Desk or a casino supervisor.) There is no minimum participation in a No Purchase Necessary game. If one patron wants to participate for free, the casino dealer will deal one hand to that patron and the remaining hands to the remaining empty seats. With the exception of the participating No Purchase Necessary player's hand, the dealer will monitor and play all remaining hands the house way as if other players were participating. This simulates a full game and will allow the patron the optimal opportunity to qualify for the Jackpot Prize. If a designated hand is obtained, only the portion of the Jackpot Funds the No Purchase Necessary Player qualified for will be awarded. The remaining funds will stay in the Jackpot Fund.

Third Party Providers of Proposition Player Services

Third Party Providers of Proposition Player Services (TPPPPS), as defined by Section 19984 of the California Business and Professions Code, their agents and employees, are not eligible to win any portion of the Jackpot Prize. If a TPPPPS receives a Qualifying Hand, its portion of the Jackpot Prize will not be paid and will remain in the California Jackpot Games Fund. If a TPPPPS is a participant in a Qualifying Hand with another player(s), the TPPPPS will not be eligible to receive its portion of the Jackpot Prize and the full Jackpot Prize will be paid to the other player(s). CARIBBEAN STUD POKER JACKPOT

SUMMARY OF GAME

Ocean's Eleven Casino proposes to add a progressive jackpot element to the game of Caribbean Stud Poker. Similar to the Jackpot games attached to Poker and Pai Gow Poker, players will be assessed a fixed fee, per hand and will qualify for a prize when a designated second hand is beaten by a designated first hand. Prizes are paid from a prize pool ("Jackpot Fund") funded by a fee paid by participating players. Players may qualify for the full Caribbean Stud Poker Jackpot prize without paying a fee, or other consideration, by participating in free instructional games where there is no live wagering, no Jackpot Collection and no table fees ("No Purchase Necessary").

The rules and standards of play for the Caribbean Stud Poker Jackpots are the same as in Pai Gow Poker Jackpot Games. The number of cards in the deck, the type of deck, the function of the dealer, the number of players, rotation of the player-dealer position, collection of table fees, betting limits and how winners are determined and paid will all be consistent with the approved version of Caribbean Stud Poker.

Since the jackpot element will be added to an existing game, the only change to the equipment will be in the addition of a separate collection box, which will be secured to the table and will be designated for the Jackpot Collection and used only for the collection of the jackpot funds. This will insure that Jackpot Collections are kept separate and apart from the table fee collection.

THE PRIZE

A prize ("Jackpot Prize") will be awarded when one player at a game obtains a specified second hand but loses to a player who obtains a better specified first hand ("Qualifying Hand"). As this is a progressive jackpot, the amount of the Jackpot Prize will vary depending on the volume of play and frequency in which players obtain a Qualifying Hand. Ocean's Eleven Casino will control the allocation of the Jackpot Collection to Jackpot Prize. The available Jackpot Prize will be posted on either an electronic board or poster centrally located in the California Games section of the Casino. The posting will be updated as the prize is increased or decreased so that all players will have ample notice of the current Jackpot Prize.

When players obtain the specified hand combination and claim the Jackpot Prize, the qualifying hands will be verified by the dealer and a floorperson. Surveillance cameras will be utilized to assure all employees and customers followed the required procedures. The winning players' identification will be obtained and necessary paper work completed prior to the payout of the Jackpot Prizes. Ocean's Eleven Casino will

record all prizes awarded and the names of the winners as part of its Caribbean Stud Poker Jackpot accounting records.

FUNDING

Caribbean Stud Poker Jackpot Prizes will be funded by a separate collection fee paid by players prior to the start of each hand ("Jackpot Collection"). The Jackpot Collection will be either \$1.00 or \$2.00 per hand depending on the stakes of the game. The amount of the Jackpot Collection will be posted within view of each participating table.

Jackpot Collections are determined and collected prior to the start of each hand. Jackpot Collections are not calculated based on a percentage of the amount wagered. Ocean's Eleven Casino will provide the initial seeding of the Jackpot Fund and may from time-to-time provide additional infusions of money to add to the size of the pool and the excitement of the game.

The Jackpot Collection will be posted by the player in the first Player-Dealer position. When there is more than one player participating in the first Player-Dealer position, the player who has the most money in action in the first Player-Dealer position will be responsible for posting the full Jackpot Collection.

JACKPOT COLLECTION & ACCOUNTING PROCEDURES

The Jackpot Collection from all Caribbean Stud Poker will be collected, counted, secured and recorded in the same manner as the table fees paid to Ocean's Eleven Casino. The dealer will collect this fee (in the form of chips) prior to the start of each hand and deposit the fee in a locked Jackpot Collection Box at the table. The Jackpot Collection Box will be different from the box used for table fees. The locked Jackpot Collection Boxes will be gathered by casino security staff at designated times and transported to the secure Ocean's Eleven Casino count room. In the count room, the Jackpot Collection Boxes will be unlocked and the contents counted subject to minimum internal control standards similar to those used by Ocean's Eleven Casino in collecting its table fees and in other United States gaming jurisdictions. In addition, all count team activity is under constant observation of video cameras. The total dollar volume of the chips taken from each Jackpot Collection Box will be recorded on a Daily Jackpot Collection Report ("Jackpot Collection Report") that will be maintained as an accounting record and shall be available to the Division of Gambling Control and the City of Commerce for audit and inspection. The Jackpot Collection Report will document the amount of Jackpot Collections received at each participating Caribbean Stud Poker gaming table during each shift.

NO PURCHASE NECESSARY PROCEDURES

Caribbean Stud Poker Jackpots will be offered for free, on a "general and indiscriminate" basis, to patrons who wish to participate in a No Purchase Necessary game. Ocean's Eleven Casino will provide instructional tables for all patrons who request to participate in Caribbean Stud Poker Jackpots without paying a table fee or a Jackpot Collection. There will not be live wagers at these tables. Participants in No Purchase Necessary instructional tables will be eligible to win the full-posted Jackpot Prize if they participate in a game where players obtain the designated Jackpot Hands. A person(s) that comes to play the jackpot at the "no purchase necessary" table will be dealt the maximum of eight hands. The no purchase necessary player will play only one hand and the casino dealer will play the remaining.

If the player wins the jackpot, only the portion of money that his/her hand qualifies for will be paid. The remainder will remain in the jackpot fund.

This will be done in the interest of fairness and in the spirit of the law, and as to give the no purchase necessary player the maximum opportunity to win the a portion of the jackpot prize.

THIRD PARTY PROVIDERS OF PROPOSITION PLAYER SERVICES

Third Party Providers of Proposition Player Services, as defined by Section 19980 of the California Business and Professions Code, their agents and employees ("Prop Player"), are not eligible to win any portion of the Jackpot Prize. If a Prop Player receives a Qualifying Hand, its portion of the Jackpot Prize will not be paid and will remain in the Jackpot Fund. If a Prop Player is a participant in a Qualifying Hand with another player(s), the Prop Player will not be eligible to receive its portion of the Jackpot Prize and the full Jackpot Prize will be paid to the other players.

FLAT ADMINISTRATIVE FEE

Ocean's Eleven Casino will retain a flat administrative fee from the Jackpot Fund based on the number of table hours that Caribbean Stud Poker Jackpots are offered ("Administrative Fee"). The Administrative Fee will not fluctuate based on the amount of money placed into the Jackpot Fund. Ocean's Eleven Casino reserves the right to adjust its flat Administrative Fee based on market factors and cost of operating Caribbean Stud Poker Jackpots. Ocean's Eleven Casino projects that its Administrative Fee will be in the range of \$3.00 to \$6.00 per table hour. Ocean's Eleven Casino will designate the flat Administrative Fee and will provide advance ample notice of its flat fee to all customers in accordance with Regulations adopted by the California Gambling Control Commission and/or the California Division of Gambling Control Regulations.

ELIGIBILITY FOR THE JACKPOT PRIZE

Only patrons participating in the first Player-Dealer position is eligible to win the Jackpot Prize. If there is more than one player with a wager in the first player-dealer position, the Jackpot Prize will be divided pro-rata based on the amounts of their respective wagers between the players. All players in the player position, who have made a wager and have paid the table fee for any betting circle, regardless the amount wagered, are eligible to win and share the Jackpot Prize. Attachment to Application for Gaming Activity Review Name of Activity: Jackpots

Description of Rules of Game:

The standards of play for the Poker games are the same standards and rules as have been submitted and approved by the Division previously. The Jackpot element of play will attach to all existing Poker games approved for play in Ocean's Eleven Casino. The rules and standards of play for those games will not change; we will merely add the Jackpot element. The number of cards used, the type of deck, the dealer, the number of players involved, provisions for collection of house fees, betting limits and schemes and how winners are determined and paid will all be consistent with those procedures and details currently in existence and previously approved by the California Division of Gambling Control.

The Jackpot element involves a progressive prize pool available to players who are participating in a card game. (It will be available whether the player is participating at a live Poker game or a no purchase necessary or demonstration table.) The jackpot prize will be awarded when a player at a Poker game obtains the second best specified hand but loses to another player at the same table obtaining the best-specified hand. All prizes will be awarded from a prize pool, which will be funded from fees paid by participating players. Ocean's Eleven Casino will provide initial seed money and may, from time to time and at its discretion, add additional funds to any jackpot. The jackpot prize will also be available to players participating in no purchase necessary Poker games at free demonstration tables. This will allow any player to have an equal opportunity to win the prize pool without paying any table fee collection or jackpot collection.

Prior to the start of each hand, players will contribute a set amount for the jackpot collection. Jackpot fees from each Poker game will be deposited at the table in a collection box, which is separate and apart from the box used for collecting table fees. The jackpot collection will be collected, counted and recorded separately on a Jackpot prize pool collection report, which will be maintained by our Accounting Department. The same accounting principles and safeguards as the Casino utilizes in the collection, counting and recording of its table fees will be utilized when dealing with jackpot collections. All jackpot funds will be maintained in a secure and separate account.

As this is a progressive jackpot, the amount of the prize available to participants in a Poker game at any given time will be posted on an electronic board centrally located in the Casino. When a player obtains the specified hand and claims the jackpot prize, the winning hand will be verified and the player's identification will be obtained prior to the payout of the prize. All prizes awarded and the names of the winners will be kept as part of our jackpot records. When a winning hand is confirmed, the player with the second best hand will receive 40% of the posted prize pool amount for that game, the player with the best hand will receive 20% of the prize pool and the remaining 40% of the prize pool

Ocean's Eleven Casino

will be evenly distributed among all other players at the table with the winning hand, except the players that received a "Missed Blind" button.

All of the funds collected, as part of the jackpot collections will become part of the total prize pool available with the exception of a flat administrative fee, which will be withheld and accounted for. The flat administrative fee will be determined by the Casino and will take into consideration market conditions and the administrative cost of operating the jackpot element. Ocean's Eleven Casino currently anticipates that this administrative fee will be in the range of \$2.00 to \$6.00 per table hour. When a set rate has been finally determined all customers will be advised of that rate by its publication in any rule sheet or rule book which will be available to all customers.

As the jackpot element will be added to existing Poker games, there will be no new tables or equipment utilized for the play of this game. The only change to the equipment will be in the addition of a separate collection box, which will be secured to the table and will be designated as the jackpot collection and used only for the collection of the jackpot funds. This will insure that jackpot collections are kept separate and apart from the table fee collection.

A round of play for any Poker game incorporating the jackpot element will not change or deviate from the currently existing and previously approved format for all games. Should a player obtain the hand specified for a jackpot, the round of play will conclude with the pot being awarded to the winning hand. Thereafter, the existence of a specified jackpot hand will be confirmed and the posted jackpot prize will be awarded as stated above. Thereafter, a new round of play will begin. As we have not implemented the jackpot element, we do not have any video of the game being played.

This game has been approved for play at the Commerce Casino in Commerce, California and The Bicycle Casino in Bell Gardens, California.

Jackpot Drop Dealing Procedures

- Taking the Jackpot drop from the Blind
 - Player will post money for their Blind.
 - The dealer will scramble and shuffle the cards.
 - The dealer will take the Jackpot drop from the Blind.
 - If any color change of the chip is needed, the entire transaction will occur in front of the dealer's tray.
 - The dealer will take the chip and hold it in their left hand with their index finger and thumb. The slot must remain completely visible to the surveillance cameras.
 - The dealer will then open their left hand to show that the chip had been dropped.
 - The dealer will now cut the cards and deal out the hand.

Jackpots

In all jackpot Poker games, any exposing of cards or conversation relating to the value of a hand will void any possible jackpot on that hand.

In jackpot games, the dealer is to count the stub of the deck to verify completeness and scramble the deck every hand.

Jackpots at Ocean's Eleven Casino are raised daily. An estimation is made of the number of hands in each game per hour and is correlated with the number of games by hour and is multiplied to figure the approximate current jackpot drop for that period. A figure of 40% to 60% of that number is added to the jackpot and posted at the designated time with 40% to 60% retained to make up for the seed. However, the percentage of the posting is always adjusted to reflect the rate of the number of jackpots that are actually hit and the actual jackpot count.

The "seed" is an amount of money the house posts in advance for a jackpot after a jackpot has been hit. This is money that is advanced by the house and must be made up out of the jackpot pool, otherwise jackpots would all start at \$0.

In all jackpot Poker games, a predetermined set amount is taken from each pot and placed into the jackpot drop. For all games with betting limits of \$1-\$2, the jackpot collection will be \$.50. For all other games with betting limits up to \$9-\$18, the jackpot collection will be \$1.00. These amounts will be posted at the tables. This revenue goes into the jackpot pool that is separated from all other monies in the Casino and is kept in a separate jackpot account. This money belongs to the players.

If jackpots are in the process of being changed, and a jackpot is hit, the jackpot will be paid at the amount it was being raised to. If the jackpot board change has not begun, and a jackpot is hit, the amount paid will be as it appears on the board.

After a jackpot is hit, the dealer will immediately count down the deck to make sure that the exact number of cards and the proper suits and rank are in compliance with a standard deck. Should there be a deviation, i.e. a card missing, two cards of the same suit, extra cards, etc., the jackpot may be declared null and void.

Any communication among players, whether verbal or not, indicating that one player already has a jackpot hand or is drawing to a jackpot hand or makes remarks or signs that lead other players to believe that this is the time to attempt to play for a jackpot hand – such communication will render any subsequent jackpot null and void.

Ocean's Eleven Casino

In all jackpot hands, all players who are in the hand dealt will share in the jackpot award as follows:

	<u>Ocean's Eleven</u>	<u>Bicycle</u>	<u>Commerce</u>
To qualifying losing hand	40%	50%	60%
To qualifying winning hand	20%	25%	20%
To all dealt in the qualifying hand	40%	25%	20%

Example: There is an Aces Full, four Sevens and four Jacks in the hand. The four Sevens wins 40%, the four Jacks wins 20% and the remaining 40% gets split evenly (to the nearest dollar) amongst the remaining players who were dealt in the hand.

In all jackpot Poker games, all hands involved in a bet and call showdown must be shown or any potential Jackpot may be voided.

Jackpots are paid when designated hands (see below) are beaten by a better hand in the following Poker games:

<u>Type of Poker game</u>	<u>Lose with the following hand</u>
* Hold'em both hole cards)	Aces Full of Tens or better beaten by 4-of-a-kind (must use
7-Card Stud, & 7-Card Stud Hi-Lo	Aces Full of Tens or better
Omaha Hi-Lo	Four-of-a-Kind (Nines or better)

* Aces full of tens or better beaten by 4-of-a-kind or better. Both players must use both of their hole cards to make their best hand and the kicker must beat the board.

Ocean's Eleven Casino

player obtains the designated Jackpot hand. Jackpot prizes at demonstration tables will be awarded in the same fashion as those awarded in live games Patrons will be able to play at demonstration tables for sixty minutes each calendar day. On every advertisement publicizing the game, the words "No Purchase Necessary" and "See Poker Podium for Details" will appear at the bottom.

12. *Are there published/proposed promotions or advertisement literature? If yes, copies must accompany this application.* No.
13. *Is the gaming activity copyrighted, patented or does it involve any entity or person other than those licensed as the house?* No.
14. *Describe the type of table and equipment utilized for the gaming activity.* As the jackpot element will be added to existing Poker games, there will be no new tables or equipment utilized for the play of this game. The only change to the equipment will be in the addition of a separate collection box, which will be secured to the table and will be designated as the jackpot collection and used only for the collection of the jackpot funds. This will insure that the jackpot collections are kept separate and apart from the table fee collection.

The Lucky Table Lucky Seat involves a drawing where a bin, basket, lottery ball machine, or other non-electronic randomizer will be used. During pre-determined times and intervals of the promotional period, a casino employee will announce the commencement of the drawing. The drawing to determine the lucky table and lucky seat uses cards, balls, or lamers, which are pre-printed, equally sized and colored. For the lucky table drawing, a card, ball or lamer that represents each active table will be mixed within the randomizer. A casino employee will then select one to determine the winning table. Once the eligible table is determined, the lucky seat will be determined by placing cards, balls, or lamers into the randomizer and selecting one. The number of seats at the winning table determines the amount of cards, balls, or lamers that will be placed into the randomizer (e.g. if the table has 7 seats, then 7 cards, balls, or lamers would be placed into the randomizer). If no one is sitting at the selected seat, another card, ball, or lamer will be drawn until a winner is chosen. The Casino will offer free play coupons or tickets having a face value from \$5.00 to \$500.00 per coupon/ticket. Free play coupons or tickets can not be exchanged for cash.

The free play coupons or tickets shall be offered to all patrons that wish to come into the Casino and use them to play. Patrons may be awarded free play coupons or tickets via hand-delivery on or off the premises by authorized gambling establishment personnel, advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, etc. When a patron receives a free play coupon or ticket, it will be collected by a floor person or key employee for verification, logging, and redemption of the free play coupon(s) or ticket(s) to be used in a live game. Each coupon or ticket shall state the specific qualifying game(s) that the free play coupons or tickets may be used on. The player must pay the posted collection (if applicable).

When the player uses a free play coupon or ticket and the players' hand wins, the free play coupon or ticket is collected and voided. The player-dealer will then have a floor person or key employee sign the coupon or ticket verifying that it has been won. Winning coupons or tickets are taken to the cage by the floor person or key employee, logged, and exchanged for the value listed on the coupon(s) or ticket(s). If a player loses, the players' wager is collected by the player dealer, and the coupon or ticket is voided and collected as well. If the player pushes (receives no action), the coupon or ticket may be played again until the player wins or loses a hand.

EXAMPLE: *A person receives a free play coupon or ticket for \$10.00 that specifically states it can be used to place a wager on the No Bust Blackjack table. The player would give the coupon or ticket to a floor person or key employee. The floor person or key employee would log the coupon or ticket. The player would then place the free play coupon or ticket on the gaming table, pay the posted collection (if applicable), and the game would play.*

FUNDING

This promotion is funded solely by Ocean's Eleven Casino. The initial seeding of the Cash Prize will be \$75.00 for each of the five (5) daily drawings.

ACCOUNTING PROCEDURES

All persons who are awarded a Cash Prize from the No Bust Blackjack 'Treasure' Promotion will be required to provide valid government issued identification prior to being awarded the prize. Required paperwork will be completed prior to the awarding of any cash prize. The records of prizes awarded will be maintained by Ocean's Eleven Casino.

NO PURCHASE NECESSARY PROCEDURES

Tickets for the No Bust Blackjack 'Treasure' Promotion will be offered to customers who wish to participate for free, on a general and indiscriminate basis. Ocean's Eleven Casino will offer a demonstration table for all customers requesting to participate in the No Bust Blackjack 'Treasure' Promotion without requiring them to pay a table fee or any type of consideration. There will be no live wagers at these tables. Participants in the No Purchase Necessary tables will be eligible to receive a ticket every time they are dealt a card marked with the word "entry". As in the live game, four (4) cards will be marked "entry" per 53 card deck.

As in other Jackpot and 'Cashpot' type games, in the event that only one patron requests to participate at a demonstration table for No Purchase Necessary, the Ocean's Eleven Casino dealer at the demonstration table will deal additional hands to all empty seat positions at the table to simulate a full game, thus providing the patron the optimum chance to receive an entry card. The dealer will monitor and play all hands dealt to the empty seat positions and play them according to the published house rules. Advertisements and rule sheets will advise all patrons that there is a general and indiscriminate opportunity to participate in a No Purchase Necessary game. Patrons will be instructed to go to the Blackjack section or the welcome desk for details.

ELIGIBILITY FOR THE PRIZE

All persons who pay a collection fee and participate in the No Bust Blackjack game are eligible for the drawing if, during the normal course of play in the base game, they receive a card marked "entry". The cards marked "entry" retains it face value and in no way affects the outcome of the hand being played.

Patrons participating in a No Purchase Necessary game with a set of cards used in the No Bust Blackjack 'Treasure' Promotion will be eligible for a drawing ticket in the same manner as a person participating in a live table.

THIRD PARTY PROVIDER OF PROPOSITION PLAYER SERVICES

Third Party Provider of Proposition Player Services (TPPPPS), as defined in Section 19984 of the California Business and Professions Code, are not eligible to participate in the No Bust Blackjack 'Treasure' Promotion.

QUALIFYING HAND/QUALIFYING EVENT

If during the regular play of the base No Bust Blackjack game, a player is dealt one of the cards marked "entry", they automatically receive a ticket for the cash drawing appended to the promotion. The patron will receive the ticket regardless of the amount wagered, or whether they win or lose the particular hand.

- Omaha (GEGA-001707)
- Omaha High-Low Split (8 or Better) (GEGA-001747)
- Deuce to Seven Triple Draw (GEGA-004697)

Object and Summary

The Poker Pyramid is a player-funded promotion that features a specific fixed prize amount for each qualifying hand. A board is used to arrange the prize amounts that are available for players to win. The board consists of two parts: the qualifying hands, which make up the base, and the prize amounts, which make up the pyramid (see below for an example of a pyramid). Players who achieve a qualifying hand while participating in a Bureau approved controlled game, as listed above, are awarded a predetermined and posted prize from the pyramid. When a casino representative confirms the player has achieved a qualifying hand, the player will immediately receive the corresponding prize amount on the pyramid. The casino representative removes the prize and the qualifying hand from the list of eligible hands on the pyramid. After the removal of a prize, the next prize in sequence will be awarded to the next qualifying hand achieved. Prizes are awarded from left to right, one row at a time until the row is empty, before the next row of prizes to be awarded begins. An entire row of prizes must be completed before the next row of prizes will be offered. No specific sequence is required to make the qualifying hands. This will continue until there is one prize left (the top of the pyramid) and, therefore, one qualifying hand left on the pyramid base. The Casino will display the Poker Pyramid board (with qualifying hands and prizes) prominently near the eligible gaming tables.

- Eligible games and time periods
- Prize amount and eligible prizes
- Number of tickets that will be drawn
- Any amount that will be rolled over to another drawing if a ticket is drawn and the player is not present
- Funding source: Jackpots attached to Poker Games (GEGA-002252)
- Player Reward Card required (GEGA-002288)
- Amount of time to claim a prize once the ticket is drawn
- Availability of No Purchase Necessary

Eligible Controlled Games

The Poker Ticket Drawing Promotion will be attached to all Bureau approved poker games offered at Ocean's Eleven Casino at all times the gaming activity is being offered for play. All controlled game rules will be played as previously approved by the Bureau.

Object and Summary

A player who participates in an approved controlled game, as listed above, for a posted amount of time (at a minimum of 60 minutes) will be awarded with a drawing ticket. Tickets are earned at a rate of one ticket for every 60 minutes played. The drawing tickets are eligible for only the promotional period they are earned in. The Casino will print the drawing ticket and the only information on the ticket will be the person's player reward card number (GEGA-002288). Only players with a player reward card (GEGA-002288) will be able to participate in the jackpot at live poker game tables. When a player sits at an eligible table, the player will give their player reward card (GEGA-002288) to the house dealer and the house dealer will then scan the player's reward card (GEGA-002288). The player reward card (GEGA-002288) information is entered electronically via the Poker Atlas system. This system has a scanner built into the gaming tables and utilizes the player's information provided by them via a paper application. In addition, the player will have to see a casino representative to have their ticket(s) printed. If a patron does not possess nor wants to have a player reward card, the Casino will allow the player to play at a No Purchase Necessary table to play for the required time to earn a ticket. The ticket in this instance will have only the patron's name on it. The drawing ticket enters the player into a drawing for a chance to win a prize with a value between \$10 and \$10,000.

Winners will be randomly drawn from all ticket entries. A portion of the posted amount may be paid and/or rolled over to the same time slot the next scheduled drawing day if a winner did not claim the prize on the first drawing.

Poker Ticket Drawing Promotion

The storage and drawing bin container will be locked at all times except to draw tickets. The container lock key is kept in the cage, and checked out by a casino representative when needed. The storage container is able to spin on its axis allowing for the shuffle/mix of the tickets. Once the promotion ends, all remaining tickets are shredded within 24 hours.

The tickets will be placed into a barrel or other non-electronic randomizer and a ticket(s) will be drawn at posted dates and times. The player whose ticket is drawn will be awarded a pre-determined and designated prize or a chance to spin a wheel in order to be awarded a prize or cash. The cumulative value of any and all prizes or cash on the wheel will range from \$10 to \$100,000. Prizes or cash for each spot on the wheel will range from \$10 to \$10,000. Players will be awarded the prize indicated on the wheel once the pointer lands on the spot. There will be a minimum of 8 and a maximum of 80 spots on the wheel. The prize designation will be pre-determined and posted.

Eligibility Requirements

This gaming activity will be open to all players who are seated and playing at any of the above listed controlled games during the pre-determined specified hours designated and posted for the gaming activity.

Players will have their player reward card (GEGA-002288) scanned at the table they are actively playing at for each qualifying time period and when the player is finished playing at that table.
 - If a patron does not want nor have a player reward card (GEGA-002288), the Casino will allow the player to participate at a No Purchase Necessary table to play for the required time to earn a ticket. The ticket in this instance will only have the patron's name on it.

- There is no limit to the number of tickets and prizes a player may win during any given promotional period.
- The wheel must make one complete revolution for the spin to be valid.
- Any interference with the rotation of the wheel will invalidate the spin, and the wheel will be re-spun.
- The casino representative on duty will draw the winning tickets.
- When a ticket is drawn and the name and/or number on the ticket is announced, the patron has two minutes to claim their prize.
 - If the patron does not claim their prize in the allotted time, the ticket will be placed back in the container and another ticket will be drawn. This process will continue until a pre-determined number of drawings has taken place or until the prize is claimed.
 - A portion of the posted amount may be rolled over to the same time slot the next scheduled drawing day if a winner did not claim the prize during the first drawing.
- Tournament game tables are not eligible for this gaming activity.
- Casino employees are eligible to participate in the promotion when off duty and out of uniform.

Poker Ticket Drawing Promotion

Prize

The Poker Ticket Drawing Promotion features a fixed prize element. A player who plays in an approved controlled game for at least 60 minutes will be entered into a drawing where the winner of the drawing will be awarded a prize or a chance to spin a wheel for cash and prizes. Administrative Fees

Ocean's Eleven Casino will not retain an administrative fee as administrative fees are already collected from the currently approved Jackpots attached to Poker Games (GEGA-002252).

No Purchase Necessary

The Poker Ticket Drawing Promotion will be offered to customers who wish to participate for free, on a general and indiscriminate basis, with **no restrictions**. The Casino will provide No Purchase Necessary tables for all patrons who request to participate in the gaming activity without paying a table fee or placing a live wager. Ocean's Eleven Casino

“Poker Tournament Jackpots”

Poker Gaming Activity

SUMMARY

Based on customer demand and industry trends, Ocean's Eleven Casino (OEC) proposes to add a gaming activity for the currently approved poker tournaments: GEGA-000542. The promotion will award players who make a pre-determined hand in a tournament a cash prize via a player funded progressive jackpot, commonly referred to as a Bad-Beat Jackpot.

PRIZE

The prize will be a progressive cash amount that will be initially seeded at the minimum of \$1,000.00 and will increase by a minimum of \$1.50 per player that buys in to the tournament when there is a weekly poker tournament (satellite and special tournaments are not included). All weekly tournaments will be eligible and play for the same jackpot and jackpot prize. All jackpot funds collected from each player's buy-in for all weekly tournaments will go into one posted progressive jackpot. The loser of the hand will receive 25% of the posted progressive jackpot, 25% of the posted progressive jackpot will be awarded to the winner, and the remaining 50% of the posted progressive jackpot prize will be equally divided among the players that participated in that particular hand at that particular table.

FUNDING

This promotion will be funded by each player that buys-in to the weekly poker tournament (satellite and special tournaments are not included). \$1.50 will be taken from each player's buy-in, which will not be included in the tournament prize pool. \$1.00 will be posted to the progressive jackpot and \$.50 will go to the reserve fund. The \$1.00 will be placed in the posted jackpot will be added to the following jackpot and not the one that the player currently buys-in for. When a player buys into a weekly tournament, they will be playing for the posted progressive jackpot prize at the time of the tournament. All jackpot fees collected for that tournament will be added to the posted progressive jackpot after the tournament and will be available during the next weekly tournament.

Once the posted jackpot is awarded, all monies in the reserve jackpot fund will be posted and immediately be made available for players to win. If during a weekly tournament, the jackpot is hit and awarded, the reserve fund will be used to reseed the posted progressive jackpot immediately and will be available to be won during that same tournament. Another reserve will then be started and funded by the \$.50 of each \$1.50 collected for each players' buy-ins during weekly poker tournaments (satellite and special tournaments are not included).

An administrative fee of \$.15 for each jackpot collection fee collected may be taken by OEC to administer the jackpot. This includes, but is not limited to; accounting, surveillance, security, administrative processing including IRS forms and internal forms used to track and safeguard the jackpot fund.

NO PURCHASE NECESSARY

A person who wishes to participate in this promotion for free, on a “no purchase necessary” (NPN) basis may do so by being at the NPN poker table during the tournament. The NPN player must adhere to all rules as the tournament player.

An OEC card dealer will deal the cards to the NPN player(s) and to all empty spots simulating a full game. All hands will be monitored and played by the dealer to simulate a live game. No collection, fees, or wagers will be made at this table. If a player at the NPN player qualifies for a portion of the jackpot, they will receive that amount and the remainder will be kept in the jackpot fund.

ELIGIBILITY TO WIN

All players who participate in the hand where the jackpot is hit will qualify to win a portion of the prize. The same will apply to any NPN participants. A minimum of three players must enter into the weekly Poker Tournament, otherwise, that weekly tournament will be in-eligible to participate in the jackpot. Furthermore, there is must be two players seated at a table in order to be eligible for the jackpot. Both hole cards for the winning and losing hands must play in order to qualify for the jackpot. Players with qualifying winning and losing hands must play through the final betting round, which is after ‘the river,’ in order to qualify for the jackpot. If a player with one of the qualifying hands folds prior to the final betting round, the table will be in-eligible for the jackpot.

WINNING EVENT

Any four of a kind must be beaten by any better four of a kind. Both players must use both of their hole cards and their kicker (the fifth card) must beat the boards (community cards) kicker. After a bad-beat jackpot hand is made play will stop while the OEC floor person verifies all aspects of the game which may include a review of the surveillance coverage for the table. Any deviation from rules, policy and/or procedures will deem the jackpot hand(s) null and void and no monies will be awarded.

When monies are awarded, all policy and procedures and required local state and federal tax documentation will be recorded without exception. All forms and documents will be saved for seven (7) years.

THIRD PARTY PROVIDER OF PROPOSITION PLAYER SERVICES

Third Party Provider of Proposition Player Services, as defined in Section 19984 of the California Business and Professions Code, will not participate in this promotion, as they do not play within their capacity, at the poker table.
