1. Match Play Coupon Promotion
2. All limits and versions of the currently approved California games offered at Delta Casino. All base game rules will be played as previously approved by the Bureau of Gambling Control.
3. The match play coupons and/or free play chips shall have a value ranging from \$5 to \$500 for each coupon or free play chip. Players shall not exchange match play coupons or free play chips for live chips. Additionally, players shall not give match play coupons or free play chips to another player. The coupons and chips shall only be redeemed after having been played and verified by a key employee.

Match Play Coupon

The prize will be awarded to a player when placing a wager combined with a match play coupon and the hand is a winning hand. The wager must be equal to the amount of the match play coupon and a winning hand will be paid their wager as well as the listed amount on the match play coupon. When the player uses a match play coupon and the hand loses, the player will only lose his/her original wager and the match play coupon is collected and voided.

EXAMPLE: A person receives a match play voucher with a value of \$5.00 that specifically states it may be used to place a wager on the Pai Gow Poker table. The person would place the voucher on the gaming table; place a bet that matches the amount on the voucher, and pay the posted collection (if applicable) for a single hand of play. If the player wins the hand, he/she will receive \$10.00 just as if they had placed a \$10.00 bet and the player-dealer will collect the voucher. The player/dealer will then have a key employee sign the voucher verifying that it has been won. All winning vouchers are verified and signed by a key employee. Winning vouchers are taken to the cage by the key employee, logged, and exchanged for the value listed on the coupon(s). If a player loses, the money part of the wager is collected by the player-dealer, and the voucher is voided and collected as well. If the player pushes (receives no action), the voucher may be played again until the player wins or loses a hand.

Free Play Chips

The free play chips are used in live games exactly like regular chips, the difference being that they cannot be exchanged for cash.

The free play chips shall initially be in the form of a coupon which shall be offered to all patrons that wish to come into the Casino and use them to play. Patrons may be awarded free play coupons via advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, etc. When a patron receives a free play coupon he/she shall take the coupon to the cage for verification, logging, and redemption of the free play chip(s) to be used in a live game. Each coupon shall state the specific qualifying game(s) that the free play chip(s) may be used on.

Promotional chips shall be used as the player's bet and placed on the betting circle.

Promotional chips shall not be taken into the dealer's tray, nor shall they be paid from the dealer's tray.

EXAMPLE: A person receives a free play chip coupon for \$10.00 that specifically states it can be used to place a wager on the No Bust Blackjack table. The player would take the coupon to the cage. Cage personnel would log the redemption code of the coupon and exchange the coupon

for a promotional free play chip. The player would then place the free play chip on the gaming table, pay the posted collection (if applicable), and the game would play. If the player wins the hand, he/she would be paid \$10.00 by the person in the player/dealer position just as if he/she had placed a \$10 bet. The free play chips are verified by a key employee. The free play chip is taken to the cage by a key employee, logged, and exchanged for the value listed on the chip. If the player loses the hand, the free play chip is forfeited and will be collected by the casino dealer and dropped in the drop box for accounting purposes. If the player pushes (receives no action), the chip may be played again until the player wins or loses a hand.

4. Prize is fixed based on the value of the math play coupon/free play chip.
5. The gaming activity is to be fully funded by Delta Casino. There shall be no additional promotion fees, jackpot fees, or collection fees taken in order to fund this gaming activity or for players to participate.
6. There is no special fee collection involved in this promotion.

Three Card Poker Progressive

Funding

All monies collected and paid out shall be tracked both electronically and on a hand written log that will be maintained for examination by regulatory and law enforcement personnel.

The Three Card Poker Progressive is a player funded jackpot featuring both fixed and progressive prize elements. Westlane Card Room will initially seed the jackpot at \$1,000. Once there are sufficient monies in the reserve fund, the initial \$1,000 will be reimbursed to Westlane Card Room.

Each \$1 jackpot fee paid by a player will be broken down as follows:

- \$0.20 will be immediately posted on the meter.
- \$0.80 will be tracked in a reserve fund. The reserve fund will be utilized to immediately re-seed the metered progressive jackpot prize. In addition, this reserve fund will payout all fixed amounts.

There is no cap on the progressive prize pool. The progressive prize will increase every time a jackpot fee is collected and placed on the progressive prize meter. The prize pool will be re-seeded when the 100% progressive jackpot is awarded to a player(s). The reseed amount will be between \$100 and \$25,000 and come from the reserve account.
